Thanks for the copy of your letter  
to CMA. It is very articulate and  
I'm considering writing to them in  
support of your position. There is also  
the issue of the stigmatization of  
psychiatrically disabled persons which  
is a related concern.

I saw and clipped article on  
tax deduction and will follow up  
w. Revenue Canada. Thin edge of  
the wedge, I'd say.

Cheers,

Nancy
